

# Positionality Investigation

**How to Use this Tool:** Chart your positionality below. Then describe the ways that your positionality is an asset and liability.

|  | Race | Class | Gender | Sexuality | Physical Ability | Immigration Status |
|--|------|-------|--------|-----------|------------------|--------------------|
| Power                                  |      |       |        |           |                  |                    |
| Non-Power                              |      |       |        |           |                  |                    |
| How is your positionality an asset?    |      |       |        |           |                  |                    |
| How is your positionality a liability? |      |       |        |           |                  |                    |
